Project description

Spark: Skilled Youth, Empowered Communities, Mostar BiH is a project funded and implemented by the British Council in Bosnia and Herzegovina in the period May 2024 - March 2025.

The project aims to create empowered communities of youth in Mostar by developing their skills in creating projects and social media campaigns on topics of their interest, and implementing them with support of trainers/mentors and CSO.

In a series of workshops, secondary school pupils, boys and girls of age 14-18, will learn the principles and tools of project development and creating social media campaigns. Teams with the best ideas will be awarded small-scale grants and mentorship for their implementation.

The project also provides grants to CSOs to support youth projects and to create some of their own in order to empower collaboration between diverse young people, and change in the local community.
